

THOMAS EDISON STATE COLLEGE

Procedure for Obtaining Veterans' Benefits

101 W. State St.
Trenton, NJ 08608-1176
www.tesc.edu

Dear Veteran,

Thank you for your inquiry concerning veterans' benefits. The attached material, "Procedure for Obtaining Veterans' Benefits at Thomas Edison State College," explains how to obtain educational benefits from the Veterans Administration (VA).

To qualify for veterans' educational benefits, it is important to remember the following:

- You must be enrolled in the College and registered for Guided Study and/or online courses and/or courses at another college/university to qualify for VA benefits.
- The VA does not provide reimbursement for e-Pack[®] courses, PLA courses, TECEP[®] examinations or CLEP examinations.
- Before your claim can be processed, you must have approval (via your Academic Program Evaluation) from a Thomas Edison State College academic advisor for the courses you plan to take during a semester.
- Thomas Edison State College does not participate in the VA's Advanced Payment Program. You will be required to pay all fees out of pocket. The VA will reimburse you.

Please complete and forward the following (see instructions on page 2):

- **VA Form 22-1990** "Application for Education Benefits" (if you never used your VA educational benefits).

OR

- **VA Form 22-1995** "Request for Change of Place of Training" (if you used your VA educational benefits at another college/university).

AND

- The **Thomas Edison State College Veterans' Educational Benefits Form (A or B)**. You must indicate the semester in which you will be taking the courses listed. It is recommended that you make multiple copies of these forms beforehand as you are required to submit these forms during each semester you are enrolled.

Please allow eight to 10 weeks for processing of initial claims. If you are a continuing student, plan on allowing three to four weeks for processing.

All enrollment certifications are submitted to the Veterans Administration 10 days after the start of the semester.

- **Information Sheet**

Also included in this information packet is the College's academic progress policy for veterans, as well as a VA educational assistance allowance schedule.

If you have any further questions or need assistance completing these forms, please call the Thomas Edison State College Office of Financial Aid & Veterans' Affairs at (609) 633-9658.

We look forward to serving you.

Sincerely,

James Owens
Director of Financial Aid & Veterans' Affairs

PROCEDURE FOR OBTAINING VETERANS' EDUCATIONAL BENEFITS AT THOMAS EDISON STATE COLLEGE

STEP 1

- **If you have not previously received veterans' education benefits**, you must establish your eligibility by completing VA Form 22-1990, "Application for Education Benefits."

OR

- If you have previously attended a college/university and received veterans' education benefits, it is necessary that you complete VA Form 22-1995, "Request for Change of Program or Place of Training."

For your convenience, you may complete both forms at www.gibill.va.gov/education/education_forms.htm. Only complete the form that applies to you. If you have any questions about your status, or concerns regarding eligibility, you may call the Veterans Administration at (800) 827-1000. Mail your completed form to:

**Buffalo Regional VA Office
PO Box 4616
Buffalo, NY 14240-4616
ATTN: Education Unit**

- Forms A and/or B with Information Sheet should be sent to:

**Thomas Edison State College
Office of Financial Aid and Veterans' Affairs
101 W. State Street
Trenton, NJ 08608**

STEP 2

Veterans' benefits for enrolled Thomas Edison State College students apply to Guided Study and online courses at Thomas Edison State College and/or courses at other approved colleges/universities. You must be enrolled in one of these learning modes to be eligible for veterans' benefits. You may call the Advisement Center at Thomas Edison State College for course approval after you have received an official evaluation of any previous college credits and are enrolled in the College. Certification will be sent to the VA after you have registered for your courses.

If you are taking courses at another college/university, the veterans' office at that school is responsible for completing and submitting the VA certification form concerning your enrollment. Before you can be certified, the college where you are attending classes will need a letter from Thomas Edison State College indicating that your courses apply to the degree program you are pursuing at Thomas Edison State College. The Thomas Edison State College Office of Financial Aid & Veterans' Affairs will send this letter once an academic advisor has approved your courses.

STEP 3

The VA will send your benefits to you after receipt of your enrollment certification and your eligibility has been established.

ESTABLISHING YOUR COURSE PLAN

Please follow the procedure outlined below when notifying the Thomas Edison State College Office of Financial Aid & Veterans' Affairs of the courses you plan to take during a particular semester.

- Veterans planning to take courses at another college/university should complete Form A.
- If you are taking Thomas Edison State College Guided Study or online courses, please complete Form B.
- Students who are taking Guided Study or online courses at Thomas Edison State College and are attending another college/university simultaneously should complete BOTH Forms A and B.

The appropriate form(s) must be completed each term and sent to the Office of Financial Aid & Veterans' Affairs at Thomas Edison State College.

Since your academic progress must be monitored, it is necessary that you comply with the following requirements:

Reporting Course Work From Outside Institutions

If you are taking courses at another college/university, it is necessary that you notify that school and have them send an official transcript to the Office of the Registrar at Thomas Edison State College after each semester attended. Certification for subsequent courses will not be completed unless you have submitted your grades from the previous semester.

Dropping or Withdrawing From a Course

If you drop or withdraw from courses, you must notify the Veterans Administration (VA) and the Office of Financial Aid & Veterans' Affairs at Thomas Edison State College and/or the veterans' coordinator at the college/university where courses were taken. The law prohibits payment of veterans' benefits for a course from which a student withdraws.

Reimbursement of Tuition and Fees

Tuition and fees for all courses must be paid at the time of registration. If you are eligible for educational benefits, the Veterans Administration (VA) will mail a check to you after the semester has begun.

Academic Progress for Veterans at Thomas Edison State College

To be eligible for benefits, the student must maintain a cumulative grade point average of at least 2.0 (C) to meet the minimum standard for satisfactory academic performance. In addition, the student must complete 66 percent of all courses attempted. Satisfactory academic progress will be monitored at the end of each academic year. If a student's cumulative average falls below 2.0 (C) or does not meet the 66 percent criteria, the student will not be maintaining satisfactory academic performance. Students will be notified in writing if they fail to comply with this policy.

There is also a maximum number of credit hours for which you can receive VA educational benefits. Sixty credits are required to earn an associate degree. The student may only attempt 90 credit hours toward an associate degree program. For a baccalaureate degree program (120 credit hours required), the maximum attempted credit hours that may be accumulated is 180. All credit hours attempted, whether or not they are completed or passed, are counted toward the maximum amount allowed in the degree program. If you exceed the maximum number of credits attempted in a degree program, you will not be eligible for further benefits. This limit includes credits you have transferred in toward your degree program.

Students not making Satisfactory Academic Progress will be placed on probation for the next semester. Benefits will be processed for that semester to give the student an opportunity to regain satisfactory progress as determined by Thomas Edison State College policy.

ESTABLISHING YOUR COURSE PLAN

APPEALS

Students who do not maintain satisfactory academic progress after the probation period will be denied additional benefits. If, because of mitigating circumstances, a student falls below the required standards, he/she may appeal by explaining the circumstance to the Appeals Committee within 30 days of notification concerning their below standard performance. All appeals should be in writing and forwarded to:

Financial Aid and Veterans' Affairs Appeals Committee
